Hi Amanda,

A 1pm meeting would be fine. I think for the research needs for UNL due tomorrow, I would come up with a wish list for samples that would make a really awesome project and have the expectation that you might not get everything you ask for. That's my recommendation, not sure if Elin would agree haha but we can discuss later today

**Subject:** AltEn soils & NTA proposal

Hi Seth,

Are you free around 1 pm for a quick brainstorming session tomorrow about the AltEn soils & NTA proposal?

I have attached some big picture research questions with brief descriptions and thoughts for each one. At the end are a few questions/unknowns I was hoping to get feedback on.

I'm not sure how fleshed out the research needs to be prior to submitting a brief description to the Univ of Nebraska team by Wednesday COB, but I was hoping to use this as a basis (minus all the details).

Thanks,  
Amanda
